Isaac Van Curen is an experienced designer, manager, and artist. Inspired by theatre since a kid, he aims to create a conducive environment for story telling and provide the resources to make these magical moments happen. As an artist working in acrylic, watercolor, and illustration, he strives to design queer moments of joy, child-like exploration, and a sense of wonder. As a manager he works to construct a space that operates smoothly, where everyone feels provided for, while going above and beyond to achieve their goals.
